

Jefferson County, Nebraska

September 12, 2025

Project: DPS-48(25) PWF Road; C.N. 13598

Dear Stakeholder:

Jefferson County, in partnership with the Federal Highway Administration (FHWA), is planning to improve approximately seven miles of PWF Road from 575th Avenue to 582nd Avenue.

The planned improvements include pavement removal and reconstruction, culvert removal and replacement, box culvert construction and utility relocations. The bridge over Indian Creek would also be repaired with this project.

The project would be constructed under full closure. The designated detour route would use 573rd Avenue, U.S. Highway 136 (US-136) and SW 61st Road (Odell Road). Construction could begin as early as summer 2027 and be completed in fall of 2028.

More detailed information is provided with the enclosed fact sheet. Please contact me if you have any questions or if you would like to request more information.

Sincerely,

Mark Schoenrock

Chairman, Jefferson County Board of Commissioners
